ARCHITECTURAL SKILLS

System Design

Microservices Architecture

Cloud Migration

CI/CD Pipeline Design

TECHNICAL SKILLS

Core Java 8

Spring Boot

Hibernate

Kubernetes

GCP
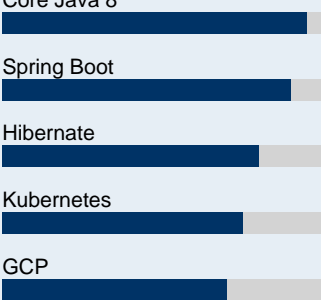

EDUCATION

• B.Tech – Camellia Institute Of Technology (2018 – 2021)
• Diploma – Women's Polytechnic Jodhpur Park (2014 – 2017)

PROFESSIONAL SUMMARY

Java and cloud professional with strong expertise in system design, microservices architecture, and cloud migration. Experienced in scalable enterprise applications and optimizing backend services.

EXPERIENCE

Software Developer - Lloyds Technology Centre (June 2024 – Present)
- Designed and migrated Confluent Kafka from on-prem to GCP.
- Enhanced backend services architecture for mobile apps.

Senior Systems Engineer - Infosys (Sept 2021 – May 2024)
- Migrated WestPac core banking apps to cloud using Kubernetes.
- Redesigned account dashboard microservice with Spring Boot.
